WHAT WILL I STUDY?

You will study the key elements of film form including cinematography, mise-en-scène, editing, sound and performance. You will also study the contexts of your chosen films and what was happening when the film was made. What can the film tell us about history and society at that time? You will study the films in terms of the representations they present or challenge. There are also a number of specialist film areas including Spectatorship, Narrative, Ideology, the Auteur and Critical Debates surrounding Film.

Year 1:

- Global Film – *Mustang* (2015, dir. Ergüven) and *Parasite* (2019, dir. Bong Joon-Ho)

As part of this course you will also develop, produce, shoot, and edit your own short film idea, working to a brief along with an evaluative analysis where you will discuss what films have influenced your short film and how you have created meaning in your short film. This is worth 30% of your overall grade at the end of the course. You will sit two exams at the end of year 2 which makes up the rest of your grade. Each weighing 35%.
